I. Education

2013 - 2018 | **Ph.D.**, Molecular and Biological Agricultural Sciences (MBAS), Taiwan

International Graduate Program (TIGP), Academia Sinica (AS) & National Chung Hsing University (NCHU), Taiwan

Thesis: A study on endoplasmic reticulum homeostasis in plants

Advisor: Dr. Kazue Kanehara

2007 - 2009 | **M.Sc.**, Department of Entomology, NCHU, Taiwan

Thesis: Complementary DNA cloning and functional analysis of an insulin-like receptor in the oriental fruit fly *Bactrocera dorsalis* (Hendel)

Advisor: Dr. Kuan-Hui Lu

2003 - 2007 | **B.Sc.**, Department of Entomology, NCHU, Taiwan

II. Appointments

2026 - present | **Assistant Professor**

Bachelor Program of Biotechnology and Food Nutrition; and Institute of Biotechnology, National Taiwan University (NTU), Taiwan

2025 - 2026 | **Adjunct Assistant Professor**

Center for General Education, Chung Yuan Christian University (CYCU), Taiwan

2020 - 2026 | **NSTC (MOST) Postdoctoral Fellow**

Institute of Plant and Microbial Biology (IPMB), AS, Taiwan

2018 - 2020 | **AS Regular Postdoctoral Fellow**, IPMB, AS, Taiwan

2012 - 2013 | **Research Assistant**

Institute of Cellular and Organismic Biology (ICOB), AS, Taiwan

2009 - 2012 | **R&D Substitute Services**

Tel: +886-2-33663366
Fax: +886-2-23627651
10617臺北市羅斯福路四段一號
No. 1, Sec. 4, Roosevelt Rd., Taipei 10617, Taiwan, R.O.C.
www.ntu.edu.tw

Institute of Molecular and Genomic Medicine, National Health Research Institutes (NHRI), Taiwan

III. Research Funding

2026 - 2029 | Principal Investigator, NSTC Research Grant for Newly Appointed Faculty (NSTC 115-2311-B-002-024-MY3)

Title: Dissecting translational control in the Arabidopsis endoplasmic reticulum stress response

Period: 2026/10/01 - 2029/09/30, NTD 4,150,000 (3 years)

IV. Referees

Shu-Hsing Wu | Postdoc advisor | Distinguished Research Fellow, IPMB, AS, Taiwan

Yuki Nakamura | Ph.D. mentor | Team Director, Plant Lipid Research Team, Center for Sustainable Resource Science, RIKEN, Japan

Kazue Kanehara | Ph.D. supervisor | Former Associate Research Fellow, Institute of Plant and Microbial Biology, Academia Sinica, Taiwan

V. Publications

ORCID: 0000-0002-1850-2602

VI. Honors & Awards

1. International recognition, fellowship, scholarship

2024 | **Plantae fellow**, ASPB, USA

2018 | **Young scientist fellowship**, International Union of Biochemistry & Molecular Biology (USD $800)

2013 - 2016 | **TIGP entrance scholarship**, AS, Taiwan (USD $36,000)

2. Research excellence awards

2025, 2023 | **Silver and Golden poster award**, IPMB, AS, Taiwan (NTD 3,000, NTD 5,000)

2022, 2018 | **1st Place** (oral), Young scientist competition, IPMB, AS, Taiwan (NTD 50,000)

2013 | **2nd Place** (poster), Young scientist competition, ICOB, AS, Taiwan. (NTD 80,000)

2013 | **Honorable mention** (poster), Symposium on recent advances in cellular and molecular biology, Taiwan (NTD 3,000)

3. Competitive travel grants

2026, 2019 | **Taiwan Society of Plant Biologists** (NTD 15,000, NTD 15,000)

2025, 2023 | **ASPB**, (USD $300, USD $875)

2023 | **Foundation for the Advancement of Outstanding Scholarship** (NTD 54,000)

2023 | **Society of Experimental Biology** (£800)

2023, 2018, 2016 | **NSTC/ MOST** (NTD 45,000, NTD 45,000, NTD 20,000)

2023, 2017 | **AS**, Taiwan (NTD 60,000, NTD 60,000)

2020, 2017 | **European Molecular Biology Organization (EMBO)** (€300, €800)

2017 | **MBAS-TIGP, AS-NCHU**, Taiwan (NTD 50,000)

2013 | **Gordon Research Conference**, Hong Kong (USA $1,100)

VII. Invited talks & Presentations

Tel: +886-2-33663366
Fax: +886-2-23627651
10617臺北市羅斯福路四段一號
No. 1, Sec. 4, Roosevelt Rd., Taipei 10617, Taiwan, R.O.C.
www.ntu.edu.tw

1. Invited seminars

2026 | Recruitment seminar, Bachelor Program of Biotechnology and Food Nutrition, National Taiwan University, Taiwan.

Title: **Orchestrating plant stress resilience: Translational control and proteostasis**

2026 | Recruitment seminar, Department of Life Science, National Chung-Hsing University, Taiwan.

Title: **Orchestrating plant stress resilience: Translational control and proteostasis**

2025 | Recruitment seminar, Bachelor Program in Interdisciplinary Studies, National Chung-Cheng University, Taiwan.

Title: **Organelle and organismic protein homeostasis across kingdoms**

2025 | Recruitment seminar, Master Program of Plant Medicine of National Taiwan University, Taiwan

Title: **Spatiotemporal changes in plant responses to abiotic stress**

2025 | Recruitment seminar, Dept. of Tropical Agriculture and International Cooperation, National Pingtung University of Science and Technology, Taiwan.

Title: **Organelle and organismic protein homeostasis across kingdoms**

2025 | Conference talk, 5th Annual Congress on Plant Science and Biosecurity, Czech Republic.

Title: **Arabidopsis AGB1 participates in salinity response through bZIP17-mediated unfolded protein response**

2023 | Seminar, Institute of Plant Biology, National Taiwan University, Taiwan.

Title: **Dynamic phosphorylation of ribosomal protein S6A ensures the successful development of young Arabidopsis seedlings**

2023 | Workshop speaker, Satellite Workshop of 33rd ICAR for Early Scientist Researchers, Japan.

Title: **Dynamic phosphorylation of ribosomal protein S6A ensures the successful development of young Arabidopsis seedlings**

2021 | Symposium speaker, International Symposium on the Application of Biotechnology in Agriculture, Vietnam.

Title: **Relieve stress for better crop production**

2020 | Recruitment seminar, Dept. of Plant Medicine, National Chiayi University, Taiwan.

Title: **Protein stability in wounded tomato**

2017 | Flash talk, 7th Asia Symposium of Plant Lipids, Taiwan

Tel: +886-2-33663366
Fax: +886-2-23627651
10617臺北市羅斯福路四段一號
No. 1, Sec. 4, Roosevelt Rd., Taipei 10617, Taiwan, R.O.C.
www.ntu.edu.tw

Title: **Arabidopsis DOK1 encodes a functional dolichol kinase involved in flowering time control and reproduction**

2. Selected international conference presentations

2026 | Japan-Taiwan Plant Biology, Japan (Poster)

2025 | Plant Biology, Milwaukee, USA (Poster)

2024 | Plant Biology, Hawaii, USA (Posters)

2023 | Taiwan-Japan Plant Biology, Taipei, Taiwan (Flash Talk & Poster)

2023 | Plant Biology, Savannah, USA (Posters)

2023 | SEB Centenary Conference, Edinburgh, UK (Poster)

2023 | International Conference on Arabidopsis Research (ICAR), Chiba, Japan (Poster)

2019 | EMBO Workshop: Proteostasis, Portugal (Poster)

2018 | Gordon Research Conference: Plant Molecular Biology, Boston, USA (Poster)

2017 | EMBO Workshop: Intercellular Communication, Berlin, Germany (Poster)

2016 | International Conference on Arabidopsis Research, Gyeongju, Korea (Poster)

2013 | Cold Spring Harbor Meeting, Germ Cell Meeting, New York, USA (Poster)

2013 |Gordon Research Conferences: Germline Stem Cell, Hong Kong, China (Poster)

2013 | Taiwan-Japan Bilateral Meeting, Taipei, Taiwan (Oral)

VIII. International professional services

Editor

2025 | Frontiers in Plant Science, Main Topic: "Lipid regulation in plants: A spatiotemporal approach to environmental stress adaptation".

2023 - | Member, Proceedings B Preprint Editorial Team

Journal reviewer:

New Phytologist, The Plant Cell, Plant Physiology, The Plant Journal, Journal of Experimental Botany, Frontiers in Plant Sciences, Frontiers in Genetics, PLoS Genetics

Community leadership:

2024 | Organizer, "Achieving recognition in the lab without burning out" Webinar, ASPB

International engagement:

2026 | Roundtable panelist, Biotechnology Breakout Session, 2026 Agricultural Summit Taiwan:

Tel: +886-2-33663366
Fax: +886-2-23627651
10617臺北市羅斯福路四段一號
No. 1, Sec. 4, Roosevelt Rd., Taipei 10617, Taiwan, R.O.C.
www.ntu.edu.tw

Sustainable Agriculture and Beyond, College of Bioresources and Agriculture, NTU, Taiwan

Research article introducer

2024 | Plant fellow to highlight selected journal articles, ASPB

2023 | Fellow, Accelerating Science and Publication in Biology (ASAPbio)

2023 | preLighter to highlight selected preprints, The Company of Biologists

IX. TEACHING EXPERIENCE

2026 - | **Instructor**

642 M0360 **Plant Physiology and Stress Responses**, Institute of Biotechnology, NTU.

615 U0200 **Introduction of Protein Homeostasis**, Bachelor Program of Biotechnology and Food Nutrition, NTU

615 U0060 **Biotechnology Core Techniques**, Bachelor Program of Biotechnology and Food Nutrition, NTU

2025 - 2026 | **Instructor**

Course: **Introduction of nature science and artificial intelligence**, General Education Center, CYCU.

1 semester; 2 hours per week; 121 non-STEM undergraduate freshmen

Designed a "Zero-to-One" curriculum guiding biology students to AI tools for scientific inquiry and data visualization. Bridged the gap between wet-lab biology and computational analysis.

2007 - 2009 | **Teaching assistant**

(1) Courses: **General Biology**, Dept. of Entomology, NCHU.

3 semesters; 4 hours per week, 120 STEM undergraduate freshman

Role: Supporting lead teachers with classroom support, student guidance, lesson preparation, and grading.

(2) Courses: **Experiments in Insect Physiology**, Dept. of Entomology, NCHU.

2 semesters, 3 hours per week, 60 undergraduate juniors majoring in Entomology

Role: Instructed laboratory techniques and facilitated discussion sessions for undergraduate students.

X. MENTORSHIP

2026 - present | Special Research, M. Zaidan Jauza'Aqila, Bachelor Program of Biotechnology and

Tel: +886-2-33663366
Fax: +886-2-23627651
10617臺北市羅斯福路四段一號
No. 1, Sec. 4, Roosevelt Rd., Taipei 10617, Taiwan, R.O.C.
www.ntu.edu.tw

Food Nutrition, NTU, Taiwan

2022 - 2023 | **International mentor**, The SEB Centenary Mentoring Program

Mentored 2 Ph.D. candidates on experimental design and career development.

Lab Supervision:

2022, 2024 | Mentored 2 BSc students and 1 visiting scholar (Dr. Shu-Hsing Wu's Lab)

2015 - 2021 | Mentored 2 PhD students and 3 research assistants (Dr. Kazue Kanehara's Lab)

2007 - 2009 | Mentored 3 MSc and 3 undergraduate students (Dr. Kuang-Hui Lu's Lab)
